Executive summary

This is the 9th Semi-annual Social Safeguard Monitoring Report (SSMR) prepared for project implementation under Dhaka Environmentally Sustainable Water Supply Project (DESWSP) of the Dhaka Water Supply and Sewerage Authority (DWASA) for submission to the Asian Development Bank (ADB).

The report is prepared by Mott MacDonald, the Consultant of the project, to assist the DWASA Project Management Unit (PMU) in updating the ADB on implementation of the Social Safeguard Plans (Resettlement Plans) of the project.

The objective of this project is to provide a reliable water supply for the Dhaka city by developing a surface water intake, raw water pipeline, water treatment plant, treated water pipeline and distribution network to improve quality water supply, water pressure in the pipelines, cost recovery, reduce water loss and gradual ground water depleting in Dhaka city.

The DESWSP is to be delivered through several contract packages by several consultants, contractors and NGOs under DWASA's project management unit (PMU). Mott MacDonald is responsible for the three main construction contracts through their management, design and supervision consultancy (MDSC) contract. Under MDSC, Mott MacDonald is acting as the Employer's designer for Packages 2 and 3 and as the supervision consultant for Packages 1, 2 and 3. Package 1 or P1(water intake, raw water pipeline and water treatment plant) is as a Design, Build & Operate (DBO) contract. Length of raw water pipeline is 22 km. Package 2 (P2) comprises of 14 km. treated water pipeline from water treatment plant to Madani Avenue. Package 3 (P3) includes distribution reinforcement pipeline in north Dhaka City.

The total length of the alignment is 36 kilometres. This starts from the Meghna River and passes through Araihazar and Rupganj upazila and reaches Madani Avenue in Dhaka after crossing Sitalakshya and Balu rivers. This project will use 309.03 acres of land of which Dhaka WASA owns 81.5 acres (in Gandharbpur) and Bangladesh Water Development Board (BWDB) with Roads and Highways own another 37.13 acres. The rest of the land (188.81 acres) is privately owned.

Issues of involuntary resettlement have been being implementing following National (GoB) Legislations such as Acquisition and Requisition of immovable Property Ordinance (ARIPO), 1982 and Acquisition and Requisition of Immovable Property Act (ARIPA), 2017]. In addition, ADB Safeguard Policy Statement (SPS), 2009 have been being followed. A Resettlement Framework (RF) has been developed for DESWSP to provide guidance to the Executing Agency (EA) in making and updating resettlement plans and implementation. of the project.

Scope of land acquisition and resettlement impacts have already been identified based on the design. The project will impact private and government land of different organizations including structures, assets, crops, fishes, trees, etc. As per design, a total area of 189.00 acres of private land will be acquired for the construction of the water pump at the intake and for the required pipelines.

DWASA is the EA, through the PMU has established Safeguard Implementation Unit (SIU) for monitoring safeguard activities implementation. It also involves a Supervising Officer (SO), designated as Safeguard Officer (Social & Gender). The SO is responsible for monitoring overall safeguard implementation including resettlement. An independent External Monitoring Agency (EMA) has been engaged as a third-party monitor for Resettlement Plan (RP) implementation.

Evaluation of the resettlement activities will be undertaken during and after implementation of the Resettlement Plan.

To carry out the resettlement activities, PMU has contracted local NGO called DORP in February 2015. For convenient implementation of the Resettlement Plans, the total project area has been divided into 6 sections. ADB has approved four resettlement plans for Section 1, 2, 3 and 4. Section 3 received approval in this reporting period, on 28 November 2019. Joint verification survey (JVS) has been completed for Section 3 and 5 in April and May 2019 respectively. DORP had submitted updated Resettlement Plan for Section 5 after resurveying pending 3 mouzas. However, alignment for this section has been slightly changed by this time. DORP is now conducting survey again. This updated plan will be submitted to ADB by March 2020. No progress is found regarding Resettlement Plan Section 6.

DBO contractor has been mobilized to start construction under package 1. As per contract they will be given encumbrance free land. Land acquisition process is ongoing in 4 sections, namely 1, 2, 3 and 5. About 99% affected persons have been fully paid (CCL + other resettlement assistance) in Section 1. Deputy Commissioner has completed 91% of CCL payment in Section 2. Payments for the remaining affected persons are still pending due to reasons such as delay in submission of necessary papers, legal issues with the land, conflict with co-sharers, procedural delays, etc. Among the CCL recipients 43% received full compensation including top up and other resettlement assistance. For giving additional payment DORP is working on collecting more CCL papers by motivating affected persons by personal contacts, community meetings, announcement over microphone, leaflet distribution, etc. Deputy Commissioner has handed over required land for Section 1 and Section 2 to DWASA, though payment compensation is still ongoing. Contractor has started sand filling in Section 1 and Section 4.

No progress has been found for livelihood and income restoration training program in this reporting period as land clearing is the top most priority of the project. DORP staffs were fully busy with collecting CCL papers and paying full compensation. A skill development training assessment has been conducted in Section 4 on training and investment grant that received during last reporting period.

One Grievance Redress Committee (GRC) meeting has been held. There were 14 cases heard; 4 are rejected, 5 were advised to submit their grievances to Deputy Commissioner's office, 4 cases were pending for field verification and one was advised to approach the court. Among 4 rejected cases; two have already received CCL for which he claimed; one constructed structure after cut-off-date for which he claimed compensation and one claimed for financial help in addition to vulnerable grant which he has already received from the DWASA. Entitlement matrix of Resettlement framework does not have any option for such type of payment.

To facilitate in land acquisition some actions have been recommended by the MDSC to PMU and DORP. These are PMU should coordinate regularly with the concerned Ministry, Deputy Commissioner Office and DORP. To make payment of compensation to those non-paid affected persons, which are time consuming cases, PMU should open a dedicated account soon and confirm their payment. DORP should help affected persons more in processing legal papers for getting CCL. They should inspire affected persons in submitting CCL papers for additional payment. Payment preparatory works like taking photograph of affected persons', preparation of identity cards, entitlement cards, estimate of payment, vouchers, etc. should be done by DORP quickly. More GRC meetings should take place as soon as possible for Section 2 and 4. Supervision of all DORP activities should be increased by PMU as they planned. DORP management, TL and DTL should be more careful in deploying competent staffs and should be more proactive in monitoring their field staffs' activities.

1 Background of the Monitoring Report

1.1 Project Description

The DESWSP of the DWASA is funded by the Government of Bangladesh (GoB), ADB, AFD and EIB. The project comprises of water intake, water treatment plant, raw and treated water mains. It is to be delivered through several contract packages by several consultants, contractors and NGOs under DWASA's project management unit (PMU). Mott MacDonald is responsible for the three main construction contracts through their management, design and supervision consultancy (MDSC) contract. Under MDSC, Mott MacDonald is acting as the Employer's designer for Packages 2 and 3 and as the supervision consultant for Packages 1, 2 and 3. Package 1 or P1 ((water intake, raw water pipeline and water treatment plant) is a Design, Build & Operate (DBO) contract. Length of raw water pipeline is 22 km. Package 2 or P2 comprises of 14 km. treated water pipeline from water treatment plant to Madani Avenue near to American Embassy in Dhaka. Packages 3 or P3 includes distribution reinforcement pipeline in Dhaka North City. P3 has been divided into two parts; P3.1 and P3.2. The start of the primary distribution network for P3.1 shall be at the interface with the Package 2 transmission mains. This is the injection point of the Phase 1 treated water pipeline (500 MLD) and shall be located at Notun Bazar in Vatara, at the junction of Madani Avenue and Progati Sharani. The package P3.2 pipelines connect to the package P3.1 pipeline in various places and to the District Metered Areas (DMAs) i.e., comparative small-dia feeder pipelines (branch lines) will be connected with each large pipeline. Package 1 and 2 has been divided into six (6) sections and Package 3 in two (2) for convenient resettlement plan implementation. Sections are as follows:

Package 1 and 2

Section 1: Water Intake Area

Section 2: Water Intake to Baliapara (End of Araihazar)/raw water pipeline

Section 3: Darikhandi Chak (start of Rupganj) to Murapara via Gandharbpur WTP

Section 4: Water Treatment Plant in Gandharbpur Area

Section 5: Rupganj (West bank of Sitalakshya River) to Balu River (East bank)/treated

Section 6: Balu River (West bank) to Vatara along Madani Avenue up to Baridhara

It is to be mentioned here that Section 2 includes raw water pipeline. Section 3 falls under two packages; P1 and P2, which includes part of raw water and part of treated water pipeline. Section 5 and 6 are for treated water pipeline.

Package 3

P3.1: Primary Distribution Pipelines

P3.2: Feeder Pipelines

Project location map showing sections of resettlement plans is given below as Figure 1.1.

Figure 1.1: Project location map

Section-wise length of the pipelines is given below:

Table 1.1: Length of Pipelines in Each Section

Name of Section	Type of Pipeline	Length
Section 3	Raw Water Pipeline	7.75 km.
Section 5	Treated Water Pipeline	5 km.
Section 6	Treated Water Pipeline	7 km.
P3.1	Primary Distribution Pipelines	24 km,
P3.2	Feeder Pipelines	42 km.
Total		**102 km.**

This project will provide a reliable water supply for the Dhaka city by developing a surface water treatment and distribution network. This starts from the Meghna River and passes through Araihazar and Rupganj upazila and reaches Madani Avenue in Dhaka after crossing Sitalakshya and Balu River. This P1 and P2 area requires 309.03 acres of land. Of total lands, Dhaka WASA's own land is 81.50 acres. Bangladesh Water Development Board (BWDB) and Roads and Highways (RHD) own 38.72 acres. The rest 188.81 acres are privately owned that will need to be acquired. Dhaka WASA's land is in Gandharbour, which will be used for construction of WTP. No land acquisition required for Package 3. Existing roads under Roads & Highways and Dhaka City Corporation will be used with due permission.

A Resettlement Framework (RF) has been developed for DESWSP to provide guidance to prepare and implement Resettlement Plans. Involuntary resettlement follows project Resettlement Framework, 2013, ADB Safeguard Policy Statement (SPS), 2009 and national legislations of GoB, which includes Acquisition of Immovable Property Ordinance (ARIPO), 1982 as well as Acquisition and Requisition of Immovable Property Act (ARIPA), 2017. Resettlement plans for section 1, 2, and 4 has been updated based on the then ARIPO, 1982 because land acquisition processes were started before ARIPA, 2017 was enacted. ARIPA, 2017 is applicable for updating and implementing resettlement plans for Section 3, Section 5 and Section 6, P3.1 and P3.2.

This is a SSMR, which has been prepared following outline given in the Resettlement Framework, 2013. This monitoring report covers package 1 and package 2 because package 3 activities have not started yet. It has been prepared by the MDSC for the PMU for onward submission to ADB. DORP (resettlement plan implementing NGO) provided necessary inputs to prepare this report. It describes the progress made during the months of July to December 2019.

1.2 Purpose of the Report

According to the Resettlement Policy Framework (Appendix 3), the Project Director has to submit to ADB, a semi-annual report on status of implementation of safeguard plans and progress made toward the desired outcomes of the project in compliance with the ADB Safeguard Policy Statement (2009) and the Operations Manual section on Safeguard Policy (OM F1).

The purpose of this report is to assist the Project Director in reporting to the ADB on status of implementation of 'Social Safeguard Plans' which are here termed as 'Resettlement Plan' for the project incompliance with the Clause no. 18 (iii) of the Terms of Reference for the Management, Design and Supervision consultant (MDSC) – Mott MacDonald. MDSC is hereby submitting the 9th SSMR.

1.3 Category of Resettlement Plan

Considering the extent of significance of impacts, ADB has classified projects into four categories; A, B, C and FI. The involuntary resettlement impacts of an ADB-supported project are considered significant if 200 or more persons are physically displaced from home or lose 10% or more of their productive or income-generating assets. The project, which has significant involuntary resettlement impacts, falls under category A. Thus, the DESWSP is classified as Category A. No indigenous household has been found during the surveys; therefore, the project falls under category C with regard to indigenous people categorization.

1.4 Resettlement Plan Update and Public Consultation

The NGO, DORP is assisting DWASA in updating the Resettlement Plans and implementation of the resettlement activities. DORP has updated five (5) draft resettlement plans (1-5). The Resettlement Plan for Section 6 is yet to be done.

Regular consultations with the affected persons (APs) and other stakeholders are being conducted by DORP to ensure that they are fully aware of the project interventions and about their entitlements in case of involuntary land acquisition and resettlement benefits for affected persons (titled or non-titled holders).

As we have seen earlier that no land acquisition is required for P3.1 and P3.2. No impact was found for P3.1. MDSC prepared Due Diligence Report (DDR) for this, which has been approved by ADB in February 2020. Out of 28 pipeline routes under P3.2 temporary relocation impact was found in one road named Matikata Bazar. Resettlement Plan for this has been drafted by MDSC, which is waiting for ADB approval. Resettlement Plan implementing NGO is yet to be appointed under P3. ToR for selecting INGO has been revised by the MDSC based on ADB comments given on December 2019.

2 Scope of Impacts

The project has impact on private and government lands. It also impacts other assets such as structures, businesses and livelihoods, crops and trees. A single Resettlement Plan for the project was prepared in 2013, which identified major impacts on lands, scope of land acquisition and other resettlement impacts based on the design of the project. This was subsequently divided into 6 sections to facilitate Resettlement Plan implementation.

The project requires total 309.03 acres of land for the construction of water intake, raw water pipeline, water treatment plant and treated water pipeline under P1 and P2. Of the total land, 188.81 acres are privately owned, which is needed for the construction of water intake and pipelines. DWASA owns required land for water treatment plant.

Section 1 (water intake area) requires private land only. Other sections need acquisition of both private and government land. No land acquisition is required for Section 4. Here DWASA acquired 81.50 acres of land in 1982-83. DWASA had given 4.67 acres land to Bangladesh Water Development Board (BWDB) for excavation of a canal for irrigation purpose. Now they have signed a Memorandum of Understanding (MoU) to get this land back. Others remaining public land is being acquired following government legislations.

The Table 2.1 presents the summary of the land requirements with areas and types of impacts identified so far.

Table 2.1: Land Acquisition and Resettlement Impacts

Section of RPs	Locations	Land Requirement for Acquisition (in acre)			Structure and other impacts	Comments / Status
Nos.		Total	Govt. Owned	Privately owned		
1	Water Intake Area (WIA)	21.38	2.53	18.85	Agriculture and fish livelihood	338 affected persons have been identified by the Deputy Commissioner.
2	Intake to Balia Para	110.15	4.07	106.08	Agriculture, livelihood, and structure	2523 affected persons have been identified by the Deputy Commissioner. These affected persons' numbers may increase after actual submission of documents for CCL.
3	Darikandi Chak (start of Rupganj) to Murapara via Gandharbpur WTP	66.85	29.61	37.24	Agriculture, structure and livelihood	Approximately 434 affected persons have been estimated by the DC after Joint verification survey. Award Book is yet to be prepared.
4	Water Treatment Plant (WTP)	81.50	DWASA land	No private land	Structure, agriculture and livelihood	253 affected persons have been identified as non-titleholders. DWASA's own land.

3 Status of Resettlement Plan Implementation

3.1 Institutional Arrangement and Capacity

DWASA is the Executing Agency of the project. A project management unit (PMU) has been established with a safeguard implementation unit (SIU), which includes Safeguard Officer (Social and Gender) and Safeguard Officer (Environment). DWASA has established its own SIU to assist PMU for managing social and resettlement issues. Safeguard Officer (Social and Gender) of the SIU assisted by the Resettlement Experts and Social Development and Gender Specialist of MDSC, who will oversee the implementation of Resettlement Plans/DDRs with support of the resettlement implementing NGO, DORP. The other staffs, who are responsible for looking the safeguard issue of the project include: one Executive Engineer and two Assistant Engineers. The Project Director and two Deputy Project Directors and one Senior Water Supply Engineer is responsible for administering overall activities. Senior Water Supply Engineer has resigned and the post is vacant now.

DESWSP is to be delivered through several contract packages by several consultants, contractors and NGOs under DWASA's PMU. Mott MacDonald is responsible for three main construction contracts, through their MDSC contract. Under MDSC, Mott MacDonald is acting as the Employer's designer for Packages 2 and 3 and will act as the supervision consultant for Packages 1, 2, 3.1 and 3.2.

MDSC is being led by the Mott MacDonald Limited (UK) in association with Fichtner GmbH & Co. KG (GER), Euroconsult Mott MacDonald (Netherland) and Yooshin Engineering Corporation (KOR), BCL Associates Limited (Bangladesh), SARM Associates Limited (Bangladesh), Associates for Development Services Limited (Bangladesh). The goal of the MDSC is to provide all necessary consulting services requirements to implement the DESWSP. MDSC resettlement consultants are specifically monitoring the resettlement plan implementation program. International and national Resettlement Experts have been assigned to review and assist resettlement plan implementation process.

DWASA has an NGO, DORP for implementing resettlement plans. DORP is working in close coordination with DWASA PMU and MDSC. The major tasks of DORP are: updating resettlement plans, public consultations and FGDs with the affected persons and communities for awareness campaign, assessing resettlement impacts, collecting market price of the loss of the properties, activities for making top up payment and other resettlement assistance, skill training for livelihood restoration to the affected persons, etc.

3.2 Update of the Resettlement Plans

Three resettlement plans for section 1, 2, 3 and 4 received ADB approval. Resettlement Plan for Section 3 got approval during this reporting period, on 28 November 2019. DORP had updated Resettlement Plan for Section 5 also but its alignment has been changed slightly. Based on that DORP is now resurveying to update its Resettlement Plan. Deputy Commissioner's office had served land acquisition notice and conducted joint verification survey in this area in May 2019. Deputy Commissioner has been informed regarding this change. Now he will assign a new LA case for this. Deputy Commissioner will serve notice and will conduct JVS again. No further progress has been found in terms of Resettlement Plan update for section 6. Section-wise Resettlement Plan status is presented below:

Section 1: Water Intake Area

Resettlement Plan approval has been received on 19 November 2018 from the ADB.

Section 2: Water Intake to Baliapara (End of Araihazar)/Raw Water Pipeline

ADB has approved Resettlement Plan on 4 April 2019.

Section 3: Darikhandi Chak (start of Rupganj) to Murapara via Gandharbpur WTP

Resettlement Plan got ADB approval on 28 November 2019.

Section 4: Water Treatment Plant in Gandharbpur Area

ADB approval received for this resettlement plan on 19 November 2018.

Section 5: Rupganj (West bank of Sitalakhya River) to Balu River (East bank)/treated

Resettlement Plan is being updated based on changed alignment, will be submitted by March 2020 after surveying new alignment.

Section 6: Balu River (West bank) to Vatara along Madani Avenue up to Baridhara

No further development has been found regarding update of Resettlement Plan during this reporting period. PMU has submitted land acquisition proposal to the Central Land Acquisition Committee (CLAC). CLAC is yet to approve. DORP is waiting for land details to update the Resettlement Plan. It is expected to get by January 2020.

3.3 Compensation and Rehabilitation

3.3.1 Land Acquisition Progress

Land acquisition work is in progress for Section 1(water intake area), Section 2 (raw water pipeline), Section 3 (part of raw and part of treated water pipeline) and Section 5 (treated water pipeline). DWASA has their own land for water treatment plan in Section 4. Deputy Commissioner has handed over required land for Section 1 and Section 2 to DWASA though 5.6% (0.6% in Section 1 and 5% in Section 2) compensation payment is still pending due to some reasons such as delay in affected persons' submitting necessary papers for CCL, legal issues with the land, conflict with co-sharers, expatriate affected persons, etc. Resolution of these cases may need long time, which is not permissible by the project duration. However, DWASA needs to hand over encumbrance free land to the contractors. Considering these, DWASA has deposited full CCL money with the Deputy Commissioner's office for these two sections. Deputy Commissioner will pay CCL to the affected persons as soon as they submit required legal papers. ADB has suggested DWASA to open an dedicated account to keep money intact for the affected persons, which will be required for paying other resettlement benefits as per the Resettlement Framework. The Project Director has checked the official procedure and agreed upon opening the account. DWASA with the assistance of INGO disseminated this information to the affected persons through a focus group discussion (FGD). DWASA requested them to vacate the land to facilitate timely implementation of the civil works. DWASA assured the affected persons that nobody will be deprived in getting their proper compensation. Affected persons, who participated in the FGD agreed with DWASA's payment arrangement and gave consent for freeing the acquired land. FGD report is attached as Appendix A. INGO visited door to door and disseminated this information to all of the affected persons, who could not attend the meeting. These persons also did not have any objection. INGO informed expatriate affected persons' relatives in this regard. To comply with the contractor's implementation plan, DWASA selected a strip of land for handing over to the contractor and made a priority list of mouzas to make free the land. It covers 21 mouzas out of total 24. The names of the priority mouzas are namely Langurdi, Parashilmandi,

Provakordi, Ranidi, Atabdi, Verarkur, Hazishahadi, Kahindi, Tilchandi, Kamaldi, Srepati, SrepatirChak, Atadi, Atadi Khas, Bazinaband, Kazirdia, Kadirdia, Aguandi, Bijoynagar, Laxmipur, and Chaitankanda.

As mentioned in earlier section, in April 2019 Deputy Commissioner served first land acquisition notice under Section 4(1) and conducted JVS in Resettlement Plans Section 3 and 5 area. However, they are yet to complete award book and submit estimate for required CCL payment. DWASA has deposited 50% of the previously estimated CCL amount. In the meantime, after enactment of new land acquisition law in September 2017, compensation money has been doubled compared to previous Ordinance of 1982. As in the previous reporting period there has been a delay from the Ministry in disbursing compensation money. Project Director is trying for timely start of civil works and to expediate the process as compensation has to be paid prior to construction starts. DWASA has been following up these issues with the Deputy Commissioner's office regularly. DWASA has submitted proposal to the Central Land Acquisition Committee (CLAC) under Ministry of Land (MoL) for land acquisition in Resettlement Plan Section 6. CLAC is yet to approve the proposal. DWASA has completed payment of additional resettlement assistance/benefits to the affected persons of the Section 1, 2 and 4.

The Table 3.1 below describes section-wise progress of land acquisition and payment of compensation (CCL and additional resettlement benefits).

Table 3.1: Progress of Land Acquisition (LA) and Compensation Payment

Sections	Project Locations	Land Acquisition	Compensation (CCL+Other Resettlement Assistances)
Section1 (Water Intake)	Water Intake area	DC office has handed over land to DWASA under LA case 3/2015-16 by March 2019.	Out of 338 affected persons, 336 (99.4%) have received CCL. The remaining have legal problem with the land ownership document. List of these affected persons is given as **Appendix B** As per Resettlement Framework, top up and other resettlement assistance/benefits has been paid to all CCL recipient affected persons. List has been attached as **Appendix C.**[1] No structure was there. Crop land have been vacated by the affected persons.
Section2 (Raw water pipeline)	Intake to Baliapara (End of Araihazar)	DC office has handed over land to DWASA under LA case 3/2015-16, 4/2015-16, 5/2015-16 and 6/2015-16 by March 2019.	PMU collected affected persons list from the DC office. In total 2523 affected persons have been identified. Of them, 2306 (91%) got CCL up to December 2019. List is attached as **Appendix D.** As per Resettlement Framework, additional payment as resettlement assistance has been paid to 984 (43%) up to December 2019 because INGO

[1]List of total numbers of CCL recipient affected persons sometimes do not match with the total number of resettlement assistance recipients because in some cases Deputy Commissioner counts a single affected person more than once in case of having ownership of more than one plots i.e., as many times as he/she receives CCL against each plot but INGO counts the affected person once irrespective of the number of times the affected person receives CCL. INGO prepares payment voucher based on one identity card, not on plot numbers. However, this discrepancy will be adjusted with the Deputy Commissioner's list in the next SSMR.

Sections	Project Locations	Land Acquisition	Compensation (CCL+Other Resettlement Assistances)
			could manage CCL documents from these affected persons, which are essential for giving additional resettlement benefits. List of these affected persons is given as **Appendix E.** Relocation notice has been issued to the affected persons at the date of their resettlement benefits payment. In addition, announcement has also been made throughout the area. Out of 290 structures 150 has already been relocated up to December 2019. Photos of newly built structures will be given in the next SSMR. DWASA with the help of INGO is following up the timely relocation of the affected persons.
Section 3 (Part of raw and part of treated water pipeline)	Darikandi Chak (start of Rupganj) to Murapara via Gandharbpur WTP	Deputy Commissioner has served land acquisition notice under section 4(1) to the affected persons. JVS has been completed. Award Book yet to be prepared	Payment is yet to be started.
Section 4 (Water treatment plant)	Water Treatment Plant in Gandharbpur	DWASA owned land.	Following ADB SPS 2009, resettlement assistance is being paid. All affected persons (100%) have been paid compensation as non-titleholders. List is given as **Appendix F.** Affected persons freed the land. All structures have been relocated. Photos of some newly built structures in comparison with old ones has been shown in **Appendix G.** One graveyard is going to be shifted with the consent of the affected persons. In original Resettlement Plan it was decided to keep it as it was. But DBO contractor needed part of the graveyard to construct the treated water reservoir. DWASA is negotiating with the local people.
Section 5 (Treated water pipeline)	Rupganj (West bank of Sitalakhya River) to Balu River (East bank)	Deputy Commissioner has served LA notice to the affected persons under section 4(1). JVS has been completed. Award book yet to be finalize.	Payment is yet to be started.
Section 6 (Treated water pipeline)	Balu River to Vatara Baridhara.	DWASA has been submitted land acquisition proposal to the Central Land Acquisition Committee (CLAC) under the Ministry of Land.	Payment is yet to be started.

The above table shows that no progress is found regarding CCL, top up and other compensation payment in Section 3, 5 and 6.

Land acquisition process of Package 1 (for resettlement plan Section 1, 2 and 4) is in a progress. Resettlement Plan Section 4 is on DWASA's own land. Though this land is owned by the DWASA, there is one issue that needs to be resolved which has been raised after DBO contractor's design submission. It has been mentioned in the last SSMR that a graveyard exists in the Gandharbpur mouza since 1979, covering an area of 22 decimals. DWASA acquired this land in 1982. Since then the local community have been using a small part for the graveyard. Though DWASA is going to construct water treatment plant (WTP) it has been decided to keep the graveyard as it is.. Resettlement Plan has been updated accordingly in 2018. Since 2016, in the course of time local community (namely Aatani Somaj) expanded graveyard illegally from the existing 22 decimals (which they claimed as their own). However, after contractor mobilization, and the design of the WTP the graveyard area was necessary for the construction of clear water reservoir. Afterwards, on 15 June 2019, in presence of MDSC and contractors, PMU headed by the Project Director held a community consultation meeting with Gandharbpur Madhyapara Atani society's graveyard committee and other local community people in Water Treatment Plant area at DORP office. Project Director held the meeting with a view to come to an amicable settlement in shifting of the graveyards from the project area to somewhere else. The Chairman of Eidgah Committee and the Councillor of Ward # 01 opined that they are agreeable with the project authority to make the project a success but they have no any other suitable place or option to replace the graveyard to another place. So, they requested to the project authority as well as to the government to give land and arrange for the shifting of the graveyard and related activities near to Eidgah or Mosque. Given the above situation, to select new land for graveyard, several meetings with local community including graveyard committee were held in the presence of the Member of the Parliament (MP), Mayor of Tarabo Pourashava. Leaders' selected a place and Project Director has developed a new land to shift existing graveyard. But afterwards, in last meeting held on 15 November 2019 in Rupganj, graveyard committee refused to receive the new land as it is not under their jurisdiction. It is situated in Ward no.2 but Atani Somaj live in Ward no.1. Graveyard committee provided a printed leaflet stating their demands, which is signed by hundreds of people of the local community. Copy of the leaflet is attached herewith the minutes of meeting held on 15.11.2020. They added that they could agree if DWASA give their newly developed land after the name of the community which will be under legal registration. But Project Director explained that DWASA did not have any authority to give ownership of government land to the community. Project Director assured the community that the matter would be discussed with the higher authorities. At this stage, community wanted DWASA to buy the new piece of land (33 decimals near to Gandharbpur High School) for the community. Project Director again assured that he would discuss with higher authority. Local community was very clear that they wanted this new land. On the same day, Project Director met the MP along with local leaders, DWASA and MDSC representatives, and informed the MP that the local people did not want to shift unless new land is purchased. Though the Resettlement Plan has provisions to purchase land for shifting of graveyard, finding suitable land and purchasing will be time consuming. DWASA needs land that be purchased quickly since the contractor has been mobilized for clear water reservoir construction. If they cannot work, they will claim compensation money for each day of delay after 30 November 2019. Approximate compensation money for each day will be not less than 100,000 USD per day. Government will be bound to pay this, as per contract. Under these circumstances, the honourable MP said that he had also discussed with the community but they were not convinced. The MP suggested to the Project Director to seek help from the local government. PMU had a meeting with DORP and MDSC on 18 November 2019, where it was informed that DWASA needs to put fencing around the graveyard, to construct a gate and to issue notice to the concerned authority to seek assistances from the upazila administration. DWASA needed local

government's cooperation to make the land encumbrance free by 30 November 2019. DWASA wanted to save the government from paying huge amount of compensation money to the contractor, which will be claimed for delayed land handover. On 26 November 2019 DWASA went there along with DORP and MDSC representatives with a view of shifting 3 to 4 graves from the newly encroached area to the said existing area. DWASA hired labourers and Mufti for shifting the graves according to religious norms. Local administration was also present there. As DWASA started digging, 2/3 local people came and asked to stop the earthwork. But they left immediately with the intervention of police. Afterwards, those locals went and gathered people by calling others to join through the microphones of the mosques. All of a sudden, more than hundreds of locals came to stop the shifting, until their demands were met. In the suddenness of the events, all of the DESWSP personnel stopped the work and left the place. Since then DWASA is trying to negotiate with the local community for an amicable solution to start civil works for reservoir.

Deputy Commissioner is paying CCL for Resettlement Plan Section 1 and 2. Additional payment (top up and other resettlement benefits) have been completed 100% of the CCL recipient affected persons in Section 1. Payments are also being disbursed efficiently in Section 2. Deputy Commissioner has served first land acquisition notice under 4(1) to the affected persons in resettlement plan Section 3 and 5 areas. DWASA has proposed to Dhaka Deputy Commissioner's office for land acquisition under Resettlement Plan Section 6. Land under Resettlement Plan Section 3, 5 and 6 is being acquired following new law (ARIPA, 2017) enacted by the GoB in September 2017. Lands in Resettlement Plans Section 1 and 2 area are being acquired following ARIPO, 1982. Land for water treatment plan has also been acquired under ARIPO, 1982. The overall status of the land acquisition process of six sections are presented in two separate tables below; Table 3.2 for resettlement plan section 1, 2 and 4 and Table 3.3 for Resettlement Plans Section 3, 5 and 6. Figure 3.1 and Figure 3.2 also follow the same sequence.

- To expedite land compensation payment PMU has collected list of total number of awardees and already awarded affected persons. To facilitate quicker payments (CCL and other resettlement assistance/benefits) for handing over free land to the DBO contractors DWASA prioritized 21 mouzas out of 24, for payments and prepared an action plan. A meeting was held on 15.07.2019 at DWASA with INGO in this regards. Minutes of that meeting is attached herewith as Appendix L.1 . Project Director decided to pay top up (additional) compensation to 300 Affected Persons (APs) every week and DORP has agreed to collect 300 files per week from the field and will complete data entry accordingly to give access to GWT SNC. To expedite CCL papers collection from the field, Project Director deployed 4 Sub-Assistant Engineer in Araihazar from 17 July to work jointly with DORP field personnel. Project Director also deployed Procurement Officer, DESWS Project, DWASA at the office of DORP, Araihajar through an office order. Regularly, he visited to supervise the resettlement activities of the project. Despite, all the efforts acquired land could not be made available for civil works due to legal problems of affected persons.
- DORP is assisting entitled persons in receiving CCL by preparing legal papers and introducing them to the Deputy Commissioner office. In addition, they are conducting awareness campaigns informing that fair compensation will be paid, and the project authority will ensure all payments are made directly to the affected persons. Community meetings, personal contacts, leaflet distribution, announcement all over the area using microphone, etc. have been conducted to motivate affected persons with regard to receive CCL papers and top up plus other resettlement assistance by submitting proper documents in a timely manner.
- It has been found that DBO contractor needs to start work in raw water pipeline. Most of the affected persons received compensation from the DC and DWASA as well. However, some affected persons have legal problem in submitting papers required for compensation. Types of problems found are conflict with co-sharers, mutation not done for the land, on-going court case, vested property, wrong name inclusion in the DC provided land acquisition notice, etc. The resolution of the cases is likely to take a long time.. As mentioned earlier, the opening of a separate dedicated account for these affected persons is in progress.

- CCL payment has not started yet and land acquisition is still not in progress in resettlement plans section 3, 5 and 6.
- To expedite top up/non-titleholders' compensation and other resettlement assistance payment progress, DORP needs to do some preparatory works such as taking photographs of affected persons, preparing affected persons' Identity (ID) Cards, affected persons files, CCL statements (which defines affected persons cash payment), Entitlement Cards (EC), etc. Progress of these, up to June 2019 is stated below:

Table 3.4: Preparatory Activities for Additional Payment/Resettlement Benefits

3.3.2 Progress in Livelihood Restoration

- In this reporting period no progress has been found in livelihood restoration training program because all DORP staffs were busy with additional payment of affected persons under Resettlement Plan Section 1 and 2. During this period land clearing has been considered as the top most priority to vacate the land for DBO contractors as soon as possible.
- It was mentioned in the last report that DORP has given training to 83 affected persons on four trades. Affected persons received training based on their area of interest. Forty-four (44) affected persons received training on cow and goat rearing, 12 on tailoring, 13 on chick and duck rearing and the rest 14 on small enterprise development. Each of them got BDT. 20000 for investment. List of payment is appended as Appendix H. At that time, they have submitted a plan of action to start income generating activities (IGA) by investing training grant money. However, monitoring report shows that 87% of them started income generating activities. Remaining 13% stated reasons like insufficient capital flow, insufficient place for rearing cattle, busy with studies for upcoming examination, etc.
- ADB Safeguard Consultant visited the project in September 2019. A livelihood training impact assessment was carried out then. Case studies have been conducted for 8 affected persons. Two affected persons from each item i., e., eight cases have been studied. It has been found that all affected persons have restored their livelihood better after training receipt. Zakir and Alamgir used their training knowledge to rear their goats. With the investment allowance Zakir made a concrete floor for his cowshed and Alamgir built a drainage system. They admitted that they did not know before their training that animals need fans or good drainage system. They are now taking better care. Sufiya and Surjat Ali received training on small enterprise development. Surjat Ali bought a van for selling vegetables and Sufiya, who used to do cloth selling added more fabric with the allowance. In addition, she can do better business with her customers. Kashem and Siraj used their knowledge in poultry farming after getting training on chick and duck rearing. They invested their money in purchasing chicken. Fatema and Ruksana got training on tailoring and bought sewing machine with the investment allowance. Now they are doing their business well. Fatema said that earlier she used to work in agriculture, which was caused her a lot of hardship with very little income. Now she is happy that she could do work comfortably inside the house, and earns more than before.
- DORP has planned to impart training to the 298 eligible affected persons (218 vulnerable and 80 with full loss of agricultural livelihood), who were identified based on full compensation payment up to December 2020 in resettlement plan Section 1 and 2 in January 2020. At that time remaining 6 affected persons in Section 4 will also be given training.
- At the time of ADB consultant's visit a consultation meeting with the CCL recipient affected persons had also been conducted to assess extent of investment of compensation money for livelihood restoration. Eighteen (18) affected persons were consulted, to find out how the compensation was used. Most of the affected persons mentioned that they used the compensation money for income restoration. They have invested in grocery shops,

handlooms, cattle rearing, purchasing fishing equipment, etc. Some of them purchased new land and constructed new houses. One affected person constructed protection walls to save his homestead from river-erosion. Two affected persons spent for household consumption. Almost all of the consulted affected persons deposited part of their compensation money in bank for future investment. Female participants opined that they take collective decisions (both male and female) in the use of compensation money.

3.3.3 Overall Progress

MDSC social safeguard team reviewed DORP's monthly and quarterly progress reports. In this phase MDSC had reviewed six (6) Monthly Progress Reports and two (2) Quarterly Progress Reports which have been received in this period (July to December 2019). MDSC provided feedback with specific comments to DORP for improving their quality of documentation and other works to focus on the critical issues. With reference to those reports, the progress made so far by the DORP up to December 2019 is presented in the Table 3.5 as follows:

3.4 Disclosure and Public Consultation

DORP adopts different techniques for information disclosure and consultation such as public consultation, community meeting, focus group discussion (FGD), personal contact, etc. In addition to regular personal contacts, in this reporting period they have conducted 79 community meetings, 2 large public consultations and 11 FGDs to develop resettlement and livelihood restoration plan in the Section 1, 2, 3, 4, 5 and 6. Total numbers of participants were 1,185 (428 male and 757 female). Eleven (11) DORP staff were present for conducting meetings in the two field areas of Araihazar and Rupganj. The summary minutes of the meetings is provided in Appendix I. Main discussion issues were: entitlements/compensation (CCL and other resettlement benefits) payment procedure, preparing necessary papers from those affected persons, persons who have not received CCL, collection of relevant papers for resettlement benefits/additional payment, awareness raising on use of compensation money by the affected persons including CCL and resettlement benefits; motivating affected persons to make free of the right of way of the project by taking away the structures and trees for smooth construction works, following up of relocation activities; livelihood and income restoration program (LIRP), redressing grievances; serving LA notices, following up of the livelihood activities of vulnerable affected persons, fund raising and involving them in local NGO/Microcredit Institutions; use of training grant money particularly by vulnerable women; scope and employment opportunity for the project affected persons; information dissemination on escrow account and affected persons' consent, graveyard shifting and JVS for business loser.

Key findings are noted below:

- Affected persons have been informed that they need to submit required papers for getting CCL. A list of required papers has been distributed to them. List is attached as Appendix J. Payment will be given in account payee cheque. In this regard they need to open bank account.
- Affected persons, who are yet to get CCL have been advised case by case to prepare required papers and submit those to DC's office at the earliest so that they can receive their CCL quickly. INGO will help them to organize papers.
- For getting top up and other resettlement assistance, affected persons advised to submit CCL documents along with affected person's Identity card, photocopy of National Identity Card/SMART card, citizenship certificate from Union/Pauroshava Chairman, account number,

share sheet, TIN for business affected person if his/her income is taxable, employer certificate for wage employee. to the INGO.

- DWASA committed to pay fair compensation and other resettlement benefits for lost assets and livelihood.
- In the case of affected persons, who have legal problems with the land which may take long time to resolve and to get CCL, DWASA has deposited the compensation amount in the DC's office. Moreover, considering time limitations of the project, DWASA is going to open a dedicated separate bank account where their entitled money will be kept intact for top up and other resettlement assistance until the affected persons' legal issues are resolved. The affected persons will receive their money as soon as they resolve their problem. To facilitate construction affected persons are requested to leave the land.
- Joint verification committee will verify and ensure if any non-titled affected persons claim for the compensation.
- Affected persons have been assured that full compensation will be paid before relocation i.e., CCL and other resettlement assistance. They are willing to be self-relocated subject to all types of payment receipt from the DC and DWASA.
- Affected persons have been oriented that they need to use the compensation money in productive ways to rebuild the lost structures/restart their livelihoods to make their lives better than pre-project level.
- Suitable livelihood opportunities for the affected people should be offered and restoration of their business should be ensured. DORP, MDSC, EMA, PMU and sometimes ADB will visit to oversee their livelihood activities. They will support them by providing necessary suggestions to improve the quality of their lives through involving them in IGA.
- Skill development training will be offered for livelihood restoration for the vulnerable and to those who lose full agriculture-based livelihood. Those, who will receive training under LIRP will get an amount of BDT 20,000 as training grant for investment in income generating activities (IGA).
- DORP will visit NGOs/microfinance institutions and will try to make space for the vulnerable especially women to be the group member of such a NGO or financial institution.
- APs have been informed with regard to GRM process including GRC and its functionalities. They will be able to file their grievances without any fear and intimidation. Where required, the implementing NGO will assist the affected households in drafting the grievances, arranging GRC meeting and resolution within 21 days.
- According to DBO contractors, a graveyard under Resettlement Plan Section 4 needs to be shifted within the RoW, which was not mentioned in the Resettlement Plan. Information has been disseminated to the community in this regard and negotiation with the Graveyard Committee and Eidgah Committee is in progress.

In addition to public consultations, approved resettlement plans are to be disclosed for the affected persons. Resettlement plans for section 1, 2, 3 and 4 have been disclosed in ADB and DAWSA website. However, these are yet to be disclosed in the locality as additional payment/resettlement benefits is being given to the affected persons. DWASA has started payment of resettlement benefits from 5 January 2019.

3.5 Grievance Redress Mechanism

Grievance Redress Committees (GRCs) have already been declared in resettlement plan section 1, 2 and 4. Since then a number of complaints have been filed in these three sections; 1 case in Section 1, 24 cases in Section 2 and 57 in Section 4. Team Leader, DORP has sent a summary of cases (which was attached with last SSMR) to the Convenor of the GRC to arrange a hearing

as soon as possible. Project Director as Chief Resettlement Officer (CRO) has also been notified to hold meeting. One GRC meeting has been conducted on October 2019, where 14 cases were heard. Out of those 4 cases have been rejected finding no valid reason, 5 have been advised to communicate with land acquisition (LA) section of Deputy Commissioner's office regarding compensation subject to submission of legal documents of ownership and 4 have been kept pending till field observation/verification is completed and 1 (one) complainant has been advised to file title-suit in the local court of law. Summary of the cases/GRC meeting minutes is attached as Appendix K. Case of Section 1 had been solved at the time of giving additional payment.

Moreover, during site visit affected persons complained that they were facing problems due to dust blowing caused by the sand filling activities in water intake and in water treatment plant area. MDSC Resettlement Expert instantly informed contractor's designated personnel and advised them to take necessary mitigation measures. The contractor took cognizance of this and erected a higher dust controlling net in the water intake area and in WTP contractor started spraying water to supress the dust.

4 Summary Monitoring Results and Key Findings

Resettlement plan for Section 3 received approval in November 2019. In total 4 resettlement plans got approval so far. Two are remaining to be approved. As per Resettlement Plans, as of December 2019, in total 2004 affected households will have impacts on their livelihood, agricultural production, small businesses, and structures (both dwellings and businesses) due project implementation. Summary of impacts in all sections is given in Table 4.1 below:

Table 4.1: Summary of Project Impacts for Resettlement Plan Section 1, 2, 3, 4, 5 and 6 (up to December 2019)

MDSC is monitoring the activities of the INGO, DORP. MDSC carried out field visits and regular meetings between PMU and DORP to share the progress. During this monitoring period, 13 field visits have been carried out; 2 in July, 2 in August, 4 in September, 3 in October, 4 in November and 2 in December. Field visits were carried out to observe top up and other resettlement assistance payments to titleholders and non-titleholders in water intake and water treatment plant area; to oversee graveyard shifting mechanism since project needs to shift graveyard from the water treatment plant area; for consulting affected persons' households to check their payment status and relocation of structures; to verify number of CPRs which DORP has reported during updating Resettlement Plan Section 3; to interview (along ADB safeguard team and EMA) the owner of the Janata dockyard situated in Resettlement Plan Section 5 to check whether they have any alternative business option of similar types in other than this place; for conducting case studies for livelihood training assessment; to consult affected persons on the use of received

compensation money; to oversee FGD that facilitated by the PMU and DORP with the affected persons who did not get CCL due to legal problems with the required papers and to assess project impact in P3.1 and P3.2 area.

Many progress meetings were held to expedite payment to the affected persons in Section 1, 2 and 3; preparation of resettlement implementation action plan for DORP under package 1 since DBO contractors wanted encumbrance free land; to get an amicable solution to the graveyard shifting; assessment of performance of Area Manager, DORP, Araihazar, etc. Minutes of some meetings have been attached as Appendix L.

Key findings of field visits and consultations with the affected persons and other stakeholders (DWASA, contractor, DORP, etc.) are as follows:

1. Summarized CCL payment status from the list, which has been collected by the PMU from the DC office for RP Section 1 and 2. It has been found that top-up and other resettlement payments is lesser compared to CCL payment. Considering urgency of construction work, an action plan has been developed to expedite payment. Out of 24 mouzas of raw water pipeline, 21 has been prioritized for quicker payment.
2. Strip plan has been prepared in the alignment mouza maps for water intake and water treatment plant area so that all concerned might easily understand how many compensations yet to be paid and contractor can design their action plan to start civil works. Based on that, in view of clearing priority mouzas DWASA has set an action plan to expedite payments. PMU staff have been deployed to assist DORP to deal with the affected persons in helping them in the collection of compensation.
3. Some unavoidable reasons hindered affected persons in getting CCL and other resettlement assistance. List of 134 (113 individuals and 21 government) affected persons has been made with specifying reasons, the time to be taken to resolve the issues. These affected persons have been informed that DWASA has deposited their CCL money with the Deputy Commissioner and a dedicated account will be opened for depositing their money for top up and other resettlement assistance. Affected persons have agreed with DWASA's arrangement.
4. MDSC advised DORP to conduct awareness campaign amongst affected persons to submit CCL papers for getting additional payment. It was suggested to carry out miking and distributing leaflets in the area, carrying out personal contact, community meeting, etc. to make people understand the importance of CCL papers submission.
5. Graveyard shifting negotiation is on-going. This is an urgent issue to be resolved , as this is resulting in the GoB making payment to the contractor due to delay in providing encumbrance free land. Project Director has been advised to form RAC in Section 4 for enhancing amicable solution of graveyard shifting.
6. It has been found that illegal structures (structures constructed after cut-off-date) are being constructed by encroachers in the Resettlement Plans Section 3 and 5 area. In Golakandail mouza one semi pucca (concrete floor with tin roof) structure and one tin made structure in Brahmaongaon mouza under Section 3 have been constructed. Moreover, in Vulta mouza one plot was being filled up with sand in front of number 5 canal near to Dhaka-Sylhet Asian highway. In Section 5, one tin structure has been constructed in Harinagram mouza. MDSC informed Project Director with necessary details and advised him to protect the RoW. MDSC guided DORP to prepare a leaflet and give notice to persons who are constructing after issue to notification, informing them that any construction after notification will not be compensated.. MDSC held meeting with Janata Dockyard owners under RP Section 5 on 24 August 2019 to assess their extent of business loss and to know their plan of shifting their business g after land acquisition. They have a plan of leasing in a new land to shift existing business with their

existing resources over there. They asked for shifting assistance. Project Director agreed since it complies with the Resettlement Plan.

7. It has been found that affected persons, who received full compensation have not yet relocated their structures. Some affected persons have applied to the Project Director requesting him to extend time for relocation by another one year. Project Director held a meeting on 5 December 2019 with PMU, DORP and MDSC and decided not to allow any extension as the land needed to be handed over to the contractor in a timely manner. Minutes of the meeting along with application has been attached in Appendix L.
8. Some structures were missing during JVS. MDSC reviewed scope of GRC and guided Project Director in the payment process for those structures. GRC made a list of valid complaints and sent them to the DC's office for getting compensation.
9. No livelihood restoration training program was conducted in this period. 87% of the earlier training recipient are found to be using their training knowledge and investment grant money.
10. One GRC hearing conducted.
11. It has been verified that there are 2 CPRs in the Resettlement Plan Section 3. These include one school, which will lose 2 tin shed structures and one mosque which will lose a small part of the main structure and Imam's residence. These CPRs have to be relocated. PMU has been notified, if possible, part of the mosque might be excluded. PMU is working on that.
12. DDR has been approved for P3.1
13. Prepared survey format for loss assessment under P3.2. Resettlement Plan has been drafted for this package and ADB comments have been addressed.
14. ToR for INGO selection for Package 3 has been revised based on ADB comments received in December 2019.
15. Though participation of female affected persons in the consultation process is not yet up to the expected level of ADB. However, progress is good. Against 40% target it is 35% now, which was 31% in the last reporting period. Last two quarters (July-September 2020 and October-December 2020) it was 67% and 61% respectively. Initiatives have been taken for increasing female participation. DORP has been advised to hold separate meetings, exclusively with the female. MDSC Social Development & Gender Specialist (SD&GS) is regularly following up this issue and will be guiding DORP to increase female participation.
16. Total 245 vulnerable affected persons (section 1: 43, Section 2: 113, Section 4: 89) have received resettlement assistance) among which 60 were from female headed households.
17. Advised DORP in finalizing web-based database and reporting format.
18. Area Manager, Rupganj was found to be reluctant in submitting daily activities reports regularly to the DORP head office with a copy to MDSC Resettlement Expert.
19. Overall resettlement progress has been presented by the MDSC before ADB Mission through a PowerPoint presentation during their project visit.

5 Compliance Status

The compliance as per loan agreement a list of covenants is described, and some are related to land acquisition and resettlement activities. The status of progress and compliance including all covenants are provided in the monitoring and evaluation section of the project's Quarterly Progress Report and will not be repeated here.

ADB has given comments on 8th SSSMR in December 2019 and MDSC is complying with those. Revised one has been submitted to ADB by January 2020.

6 Follow up Actions and Recommendation

As mentioned, the section-wise resettlement plans updating, and compensation payment are going on simultaneously. However, there are some outstanding issues that need to be resolved and compensation and implementation expedited to maintain the timelines. MDSC has held several meetings with DORP and PMU to expedite resettlement progress and finalization of resettlement plans. Therefore, following actions have been recommended.

Table 6.1: Required Actions

Outstanding Issues	Recommendation/Required Actions
ADB approval of Resettlement Plans	The JVS has been completed for Resettlement Plan Section 5 in May 2019. But finalization of Resettlement Plan for section 5 is delayed due to changes in alignment. RP 6 awaiting CLAC approval of final alignment.
	PMU should follow up with the DORP for sooner submission of these resettlement plans with updated data to obtain ADB approval. These two plans are required to be approved before payment can be made.
CCL payment to all affected persons	DORP should help affected persons more in processing legal papers for getting CCL. In addition, with the assistance of respective Union Parishad (UP) representatives, they will provide support to those affected persons who have conflicts to resolve.
	PMU to follow up District Commissioner's office to consider affected persons' problems and to facilitate payment.
Non-submission of necessary documents to DC Office by 113 individual affected persons (other than government) in 21 priority Mouzas	INGO to take proactive measures in convincing the affected persons, who are delaying in submission of their land papers, since land handover is urgent in this section.
	Opening dedicated account soon.
Payment of top up /non-titleholders' compensation	PMU should pay top up and other resettlement benefits as fast as possible in 21 priority mouzas under RP Section 2.
	DORP should accelerate collecting required CCL papers to pay compensation and other resettlement assistance in Resettlement Plan Section 1 and 2 areas for their relocation and freed the lands for contractors.
	DORP Area Managers should be more proactive in convincing affected persons in taking photographs and submitting necessary papers for getting compensation.
	They should also take more initiatives in preparing affected persons' identity cards, Entitlement Cards, CCL Statements, Vouchers so that additional payment can be made as soon as possible. Every 15 days PMU shall monitor DORP to see their progress on payment.

Outstanding Issues	Recommendation/Required Actions
Land Acquisition	Land handover from government and private sources are essential now for part of section 3 (Raw water pipeline towards WTP) because DBO contractors has already been mobilized and getting encumbrance free land is a part of their contract with DWASA.
	PMU should check with Deputy Commissioner in completing Award Book and faster compensation payment.
	Bangladesh Water Development Board (BWDB) has 29 acres of land in Section 3 to be handed over to DWASA. Still it is pending. Land handover meeting with Ministry of Land was expected to be held by end of July 2019 but yet to be held. DWASA to ensure that the public land is acquired by this year.
	In Section 4 DWASA will consider helping stakeholders in shifting their graves based on the discussion during meeting. It should be completed by January 2020 to hand over encumbrance free land to the DBO contractors.
	PMU to check with DC office for completion of award book and request for the feasibility study of section 6.
	DWASA to discuss with DC office to expedite land acquisition (public and private land both). DWASA to arrange multiple meetings with the Ministry of Land and Deputy Commissioner to expedite land acquisition (public and private land both) and handing over land in all sections of resettlement plans.
Livelihood Restoration	DORP should complete remaining training in Section 4. Subsequently, they need to monitor livelihood restoration activities of the training and grant money recipient affected persons.
	In Section 1 and 2, skilled development training should be started soon as a part of LIRP rehabilitation activities.
Grievance Redress	PMU to follow up GRC for expediting GRC sitting as per Resettlement Plans. More GRC meetings should be taken to resolve the rest of the complaints lodged in Section 2 and 4.
	PMU to follow up with the DC office for checking and payment to those affected persons who have been referred by the GRC as eligible.
	Verification of those pending cases should be completed as soon as possible and referred eligible ones to the DC office.
	DORP has been advised to put up GRC members' list with their names and contacts in their offices and in other important public places in the area.
	GRC should be declared in Resettlement Plan Section 3.
Performance of DORP	DORP management, TL and DTL should be more careful in deploying competent staffs and should be more proactive in monitoring their field staffs' activities. They should visit fields more often to ensure regular monitoring of the field activities regarding implementation of land acquisition and resettlement.

Outstanding Issues	Recommendation/Required Actions
	DORP to prepare a weekly action list at the inception of each week and to prepare a report on actual field progress achieved by the end of that week and send to PMU and MDSC.
	Supervision of all DORP activities will be done by PMU. Executive Engineer, Mr. Mustafizur Rahman and Assistant Engineer, Mahrin Binte Islam has been assigned in this regard.

Below is the monitoring format for activities to be done during implementation of the land acquisition and resettlement as provided in the resettlement framework.

A. FGD Report

Dhaka Environmentally Sustainable Water Supply Project (DESWSP)
Sub: Report on Focus Group Discussion (FGD) withAffected Persons (APs)who have not received CCL under RP Section 2

Date: 6 November 2019

Time: 11.00 AM

Venue: DORP Area Office, Araihazar

Checklist for FGD

- Reasons for not receiving Cash Compensation under Law (CCL)
- Ways of Resolution
- Information Dissemination on Compensation Availability for CCL and Other Resettlement Benefits
- Opinion of APs on Land Clearing for Construction

Findings of the FGD

There are 24 mouzas under RP Section 2 where raw water pipeline (RWP) will be constructed in Araihazar. Contractor has been mobilized in this area for the construction. The contractors need encumbrancefree land from the DWASA. However, it has been found from the CCL recipient APs' list given by the Deputy Commissioner's (DC) office that about 134 nos. of APs are yet to receive CCL, which will delay the start of construction. To expedite land clearing and starting of construction activities, the project has prioritized 21 mouzas out of 24 for immediate payment. Out of these 21, all APs of 6 mouzas (namely Kazirdia, Atadi, AtadiKhas, Sripotirchak, Tilchandi and Provakordi) have been paid CCL. Resettlement implementing NGO, DORP have arranged FGD with the CCL non-recipient APs under remaining 15 mouzas to find out the reason of not getting CCL, as a way forward to address problems and clearing the land. DORP facilitated FGDs in the presence of the representatives from Dhaka Water Supply and Sewerage Authority (DWASA), Management Design and Supervision Consultants (MDSC) and External Monitoring Agency (EMA) under DESWSP. List of participants are given in Attachment 1.

On the basis of discussion of the topic the participants agreed to shift their structures and to make the project area free for project construction work but before that they must be paid their dues and notified and allow them a reasonable time for shifting, otherwise they will not hand over their land or remove their structures etc. **4.** Topic discussed on using of compensation money/resettlement benefits with an aim to reconstruct and rebuild their lives better off and their economic status has positively been changed compared to their present status. Most of the participants showed their positivity but few were found to be worried that in purchasing land at the locality or nearby place at a time by a huge number of affected persons will be very difficult, They apprehended that	informed about how they will use the additional payment money and resettlement benefits. They were informed that all the money they will receive as compensation and resettlement benefits will have to be used to rebuild the lost structures and restart their livelihood so that they can bring a positive change in their lives or at least at the level of pre project condition. The INGO will assist them In providing skill training and in involving them in to IGA and micro credit institutions. In reply to the participants concern and or apprehended that it will be difficult for them to purchase land at high price. In fact most of them have alternative land within and outside of the project area. On the other hand, the participants have alternative income sources and most of them are found to be in business occupation. Although, they will be paid fairly and they gave guarantee that they will be self' relocated. So, the impact is minimal and they will be able to overcome this. Affected persons were advised not to use the compensation money/ resettlement benefits in unproductive ways, **3.** In the follow up meeting with the affected persons regarding freeing of the project area by taking away the structures and trees for project construction work. In reply to the participants concern about payment they were assured that they will be paid fairly and fully before relocation. The meeting participants gave guarantee that they will self' relocate with their compensation money. It was informed to the meeting participants that as per ADB guideline (SPS 2009) and entitlement matrix , all their entitlements will be fully paid, with at least one month's notice for vacating their lands. The participants were informed in the meeting that the compensation and or resettlement benefits will be used to re-establish or re-start their livelihoods at the pre project level or more better off condition;

The affected persons with lacked papers for CCL, opined that they will collect papers and will submit to DC office shortly for compensation; . **6.** The vulnerable training participants requested INGO to keep them under visit so that they can properly guide by INGO in IGA related works. Vulnerable Aps wanted to know the process of involvement in micro credit institution or local NGOs for fund raising; **7.** In the meetings participants asked about if they have complaints how will it be resolved; **8.** One grievance redress committee meeting held during the period from October to December 2019 and complaint heard for 14 complainants. All complainants claimed for compensation; **9.** Entitlements of affected persons were discussed in the meeting. The meeting participants wanted to know about compensation will be given for their lost assets for the project intervention; **10.** In the meeting serving notice	**4.** Affected persons were advised to use the compensation money/ resettlement benefits in productive ways, they were advised to rebuild/restart their livelihoods with an aim to make their lives more better off which will be not below standard than the pre project level; **5.** Those who did not receive CCL yet from DC office were advised to collect papers and to submit it to DC office at the earliest so that they can receive CCL quickly. INGO will help them to organize papers. **6.** The meeting participants have been informed that to visit their income generating activities is a priority for DORP. Not only DORP, MDSC, EMA, PMU and sometime ADB will visit them. DORP as well as other relevant agency will support them by providing necessary suggestions to improve the quality of their lives through involving them in IGA. In reply to the request raised by vulnerable women, they have been informed that there are many NGOs work for the uplift of the vulnerable women. So, DORP will visit those NGOs and will try to make space for them to be the group member of such a NGO or financial institution. **7.** In response to the affected person's query of their grievances they were informed that they will be able to file their grievances without any fear and intimidation. Where required, the implementing NGO will assist the affected households in drafting the grievances. The affected person will first register their complaint with the INGO. Complaints and grievances will be heard by the INGO and focus group discussions at the village level. The grievance will need to be resolved within 21 days. If the grievance cannot be addressed by the INGO and the Social Safeguard Officer, the complainant can lodge complaint related to compensation or delay of payment to the GRC committee. DORP will arrange GRC meeting for

	raw water pipeline (RWP) will be constructed in Araihazar. Contractor has been mobilized in this area for the construction. The contractors need encumbrance free land from the DWASA. However, it has been found from the CCL recipient APs' list given by the Deputy Commissioner's (DC) office that about 134 nos. of affected persons are yet to receive CCL, which will delay the start of construction. To expedite land clearing and starting of construction activities, the project has prioritized 21 mouzas out of 24 for immediate payment. Out of these 21, all affected persons of 6 mouzas (namely Kazirdia, Atadi, Atadi Khas, Sripotirchak, Tilchandi and Provakordi) have been paid CCL. Resettlement implementing NGO, DORP have arranged FGD with the CCL non-recipient affected persons under remaining 15 mouzas to find out the reason of not getting CCL, as a way forward to address problems and clearing the land. **16. JVC Meeting:** **a.** Updating and finalization of the affected persons list: The affected persons' list and loss items has been further verified and checked by INGO in Resettlement Plan Section 4 and placed before the committee to verify and scrutiny. In the present list additional 8 (eight) households losing business has been added and now the affected households number stood at 240. Of the 240 households 12 are losing their residences, 38 are losing their business and 1 household is losing residence-cum-business ; their are15 wage labors and remaining are losing land for crops	will be properly compensated so that the affected households can easily relocate themselves. In the meeting the participants spontaneously expressed that they prefer to self-relocate; **13.** In response to the participants' opinion they have been informed that those who have received skill training under LIRP in section-4 have received an amount of BDT: 20,000 as training grant. They are supposed to start income generating activities after receiving training, but some of them opined that the grant amount is not sufficient to start business. They have been reminded that just before receiving training they have received vulnerable allowance the amount should have to be utilized in income generating activities. **14.** Under Income and Livelihood Restoration Program (LIRP) in coming days several training sessions on different trade based on scope of marketing and employment opportunity as per the choice of vulnerable affected persons will be provided by DORP, with an aim to re-establish or restart the loss of livelihood based activities for enhancing households' income particularly given emphasis on vulnerable women. **15. Special (FGD) Meeting:** It was informed to the affected persons that since the project has already been initiated, for the completion of the project activities (raw water pipeline) and for ensuring the pure drinking water for inhabitants of Dhaka, all the lands within the project area i.e. Section-1 and 2 have been acquired by the Dhaka WASA. So, all the affected people were requested to stop all types of activities (agricultural works, constructing any structures or changing of the lands) by November 2019 to make the project area encumbrance free for construction work. The affected persons were requested to give their support and cooperation for the smooth implementation of the project.

	cultivation . **b.** In case of taxable income, the payment of business loss will be made subject to submission of tax certificate. **c.** Due to death of some affected persons the Identity card has been prepared in the name of successors of demised persons. In this way number and category of affected persons may change. **17. Community Meeting for Graveyard shifting at WTP:** Community consultation meeting was held with Gandharbpur Madhyapara Atani Society's graveyard committee and local community people in Water treatment Plant Area. The meeting was held with a view to come to an amicable settlement in shifting of the graveyards from the project area to somewhere else. since the graveyard land belongs to DWASA since 1982. The PD expressed in the meeting that the problem of shifting the graveyard from water treatment plant was yet to be resolved, and is/ will create obstruction in the project construction work. He briefed regarding the objective of calling the meeting. He also emphasized on finding out the course of actions to be taken for amicable mitigation of the graveyard issue. The participants expressed their opinion and views on the discussions actively. Participants suggested that amicable solution can be achieved through convincing the graveyard committee members and engaging them in shifting of the graveyard by themselves. The participants not to do anything without	Though most of the cases may take long time to resolve and the project needs to start civil works and cannot wait indefinitely as it is time bound. Affected persons have been informed that the project has deposited their entitled cash compensation under law (CCL) at the DC's office. This deposit will remain until required papers can be submitted to claim the amount. Money for paying other resettlement benefits have been deposited in an escrow account opened by the PMU. Based on circumstances, even after the project is over, the money will be kept in this account and can be claimed. After the resolution of ownership issues, subject to submission of proper documents, the payment will duly make to them from reimbursements budget, since the mentioned land has already been acquired and the possession has been transferred to the DC. **16. JVC Meeting**: 1. **Updating and finalization of the affected persons list:** The committee members thoroughly checked and verified the list and found consistent. The updated list was accepted and approved by the committee concerned. **2.** All members of the committee agreed upon that the taxable business holders must submit their tax certificate to receive payment. Otherwise affected persons will be paid admissible amount as per entitlement matrix. **17. Community Meeting for Graveyard shifting at WTP:** The Chairman of graveyard Committee said that they were using the land since a long time, from the time of their ancestors. The graveyard is convenient as it is easily accessible to nearby three societies. The Chairman claimed that their ancestors were buried here in this graveyard. Other than this they have no any other alternative land/graveyards which can be used by the

	involving the graveyard community members.	three societies. This is WAQF property and he said that they have papers. The Chairman of graveyard Committee submitted/put up 4 (four) legal papers before the PMU and they claimed that they have more papers in support of their claim on graveyard land. The Project Director scrutinized the submitted papers in the meeting and found that the land mentioned in the submitted documents does not fall within the boundary of project land. Instantly Project Director informed the graveyard committee that the land mentioned in the submitted documents are quite out of the project area. He requested the committee to submit the remaining documents to the Area Manager (DORP) at the earliest. Considering the significance and implementation requirement of this mega project this graveyard needs to be replaced. It is important to complete the project activities and make the project a success, for this reason all need to work together. So, it is important to respect the interest of local people and accordingly local people should extend their helping hand for the success of the project implementation activities, the government can take the required land according to their requirement. So, the graveyard needs to be removed to a different place for the sake of the project. The Chairman of Eidgah Committee and the Councilor of Ward # 01 opined that they are agreeable upon with the project authority to make the project a success but they have no any other suitable place or option to replace the graveyard to another place. So, they requested to the project authority as well as to the government to give land and arrange graveyard shifting related all activities near to Eid-gah or Mosque. Project Director assured the committee

		members represented from different institutions that according to their request, he will raise the issue to the higher authority. The committee ultimately agreed to shift the grave yard to a suitable place/location beside a road near to mosque belongs to the community with a boundary. It was discussed in the meeting that the project area will be well fenced keeping the graveyard inside the fencing enclosure. It was also decided that an entrance gate will be constructed e (measuring 6 feet by 8 feet) at the south face of the WTP section. It was also discussed in the meeting that a notice will be prepared containing the information on ongoing problems particularly to construct fence around the project area and circulating the notice to the concerned authority/persons for seeking help from the relevant personnel/persons. It was decided that the notice will be prepared today and will be circulated to the concerned persons mentioned below: 1.Graveyard Committee; 2. Mayor; 3. Minister; 4. Administrative section of UNO office; 5. Police Station; Simultaneously, it was felt necessary to arrange a meeting at Rupganj Upazila with the officials of UNO office and police personnel.

After completion of the introductory session a brief project description have been upheld before the meeting participants in the way that**:-**

The Dhaka Environmentally Sustainable Water Supply Project (DESWSP) will provide reliable and sustainable water supply for Dhaka City dwellers by developing a new surface water supply mega scheme for supplying pure drinking water, which includes development of a water intake at Meghna River, one raw water transmission pipeline, a water treatment plant at Gandharbpur with capacity of 500 million liters per day (MLD), a treated water transmission pipeline to the existing water supply network, and distribution reinforcements. The project includes distribution network improvements to reduce non-revenue water, and will promote household and community access to safe water, including support to low-income communities. Dhaka Water Supply and Sewerage Authority (DWASA) is the executing and implementing agency of the project.

It was further added that for implementation of this project an amount of 131.52 acres of land from Araihazar and 60.55 acres of land from Rupganj will be required and which has been or will be acquired according to the acquisition and requisition of immoveable properties ordinance 1982 and Act of 2017 respectively. The participants have also been informed that due to acquisition and requisition of the land there will be impacted of their moveable and immoveable properties (Land, Structures, Trees, crops, Fish stocks and others) and for this reasons they will be compensated under the above mentioned ordinance or Act according to the Entitlement Matrix.

As the project is being implemented with the co-financing by ADB, AIB, AFD and Bangladesh Government for resettlement plan implementation there is a condition to resolve of any grievance of affected or non-affected person through the process of GRM.

So, those have any complaint to be lodged their complaint to GRC which will be solved after scrutiny and analysis by the committee members.

The whole GRC meeting proceedings and actions/decisions taken were observed and monitored by Dr. Rafeza, National resettlement Expert, MDSC and Mr. Shahadat Hossain representative from EMA.

The Convener have drawn attention to the participants that today's meeting has been arranged to hear the complaints filed from section-1 and section-2 of Araihazar upazila. He requested Md. Iqbal Hossain, Area Manager, Araihazar and Member secretary of the committee to put up the complaint one by one.

1	PD welcomed the participants and informed that project is now going through a very critical time with regard to resettlement issue, especially paying full compensation (CCL and other additional resettlement benefits given by ADB). To handover free land to the contractor, project has to give top-up payment to the CCL recipient APs. Out of 24 mouzas of RP Section 2, contractor's convenience are 21 mouzas namely Langurdi, Parashilmandi, Provakordi, Ranidi, Atabdi, Verarkur, Hazishahadi, Kahindi, Tilchandi, Kamaldi, Srepati, SrepatirChak, Atadi, Atadi Khas, Bazinaband, Kazirdia, Kadirdia, Aguandi, Bijoynagar, Laxmipur, and Chaitankanda have been identified on priority basis for freed the land to GWT for starting Raw Water Pipeline installation. The list of these mouzas has been provided to DORP Official, as per statement provided by Rakib, Data Manager, DORP, out of total 1860 affected persons for section 2 top-up paid for 157 affected persons and 140 affected persons list are ready for top-up payment on 20 .07.19. After intensive discussion it was decided that top-up for 300 affected persons should be paid in every week otherwise PD will not able to give access to GWT SNC in October 2019. Mr. Raqib also mentioned that maximum data input for individual affected persons have completed during preparation of RP report and for preparation of top-up payment to individual AP it needs to enter 3 data only, so it reveals that data entry is not at all problem, the acute problem is collection of papers from field. To expedite paper/data collection from field, PD will deploy 4 Sub-Assistant Engineer to Araihazar from 17 July to work jointly with DORP field personnel.	DORP & PMU
2	Project Director instructed that from July 17, 2019 by 4 Sub-Assistant Engineers of DESWSP, DWASA and 4 NGO workers will form 4 teams which will be contacted in person/door to door to collect all papers for Additional Payment.	DORP & PMU
3	Project Director will arrange to deploy Mr. Shahidul Islam, Procurement officer, DESWS Project, DWASA at the office of DORP, Araihajar through an office order. Regularly, he will go to that office to supervise the resettlement activities of the project.	PMU

4	Project Director decided to pay top up (additional) compensation to 300 Affected Persons (APs) every week and DORP is agreed to collect 300 files per week from field and will complete data entry accordingly.	DORP & PMU
5	PMU will pay to-up (Additional) compensation to 140 Affected Persons (APs) on July 20, 2019.	DORP & PMU

L.2 2019.08.08_Skype ADB Meeting on Land Strip plan

Item	Text	Action on
1	At the inception of the meeting ADB thanked Project Director for providing mouza maps with highlighted paid plots in RP Section 1 (WIA) and Section 4 (WTP) as well as for good progress in compensation payment also.	-
2	ADB Safeguard Specialist wanted to know about payment status of 4 affected perrsons in WTP, who are ready to get compensation now though they were not willing to receive before. Project Director informed them that they will be paid on 8 August 2019. She suggested PMU to register their grievances and resolution process. She wanted a very good documentation detailing grievances and resolution process. This document should be sent to ADB right after Eid vacation.	PMU and DORP; 8 and 20 August 2019

Item	Text	Action on
3	Intake mouza map shows that out of 126, 2 plots are yet to get CCL. ADB has been informed that these plot owners have submitted required papers for getting CCL. They wanted to know reasons behind delayed submission of papers and non-payment as well. This document will also be submitted to ADB.	DORP; 23 August 2019
4	ADB requested Project Director not to start construction works in any section unless all APs are paid.	-
5	ADB asked TL, DORP whether DORP could arrange another Database Manager to ease pressure on existing ones and to accelerate progress of RP preparation and payment. TL stated that he requested CEO, DORP in this regard but he did not heed to him. Only Project Director can ask him to deploy one more person for that. ADB requested Project Director to discuss this issue with DORP and he agreed.	PD, 8 August 2019
6	ADB Safeguard Consultant will visit PMU on 1 September 2019 to work on RP 3 and 5. These Resettlement Plans should be prepared 7 days before she comes. RP 3 and 5 need to be submitted by 22 August and 25 August 2019 respectively. Before that DORP will submit these RPs to MDSC at least 3 days before ADB submission.	DORP; 19 and 22 August 2019
7	ADB also wanted to know about DDR preparation. MDSC Resettlement Expert stated that it would be prepared after 8th SSSMR and two RPs (3 and 5) are submitted.	MDSC and PMU
8	Project Director stated that strip plan for raw water pipeline (RP Section-2) will be sent to ADB on 22 August 2019.	PMU, 22 August 2019
9	ADB expected quality report from External Monitoring Agency (EMA) based on field data collected through AP interview and consultation.	EMA

Item	Text	Action on
1	Project Director started with the briefing of progress on payment status and remaining Resettlement Plan preparation. He stated that hundred per cent (253) of affected persons payment done in RP Section 4. About 91% of affected persons have been fully paid (CCL+Top Up+resettlement assistance) in Resettlement Plan Section 1. Here, owners of two plots are yet to get CCL; one has legal problem and another one lives outside the locality. In section 2, about 30% of affected persons of targeted 10.4 km. area has been fully paid. Next payment will be made on 7th September 2019 for another 39%. As for Resettlement Plan submission, Project Director stated that Resettlement Plan for Section 3 and 5 will be submitted on 29 August and 14 September 2019 respectively. He did not give any date for submission of Resettlement Plan Section 6. Only said that it would take time.	PMU, 07.09.2019

		DORP+DWASA; 5 August and 14 September 2019
2	ADB Safeguard Specialist advised Project Director to get a no objection certificate from the owners of the remaining two plots (131 and 127) with duly signed by the PMU and affected persons. She will share a draft of the certificate for Project Director 's convenience. Certificate will ensure that compensation for these two plots will be kept intact in an escrow account until their problem has been solved. This certificate will be needed at the time of Project Completion Report (PCR). CCL money deposition procedure will be same for the owners of the river-eroded land since they have legal issue with the government. Project Director reminded that these affected persons got resettlement assistance for livelihood restoration. affected persons' certificates and evidence of money deposition will be shared to ADB by Project Director .	PMU, 29 August 2019.
3	ADB asked about strip plan for Resettlement Plan Section 2, which Project Director has promised to give on 22 August 2019. However, as no additional payment has been given since last meeting and Project Director planned for next payment on 7th September 2019, he promised to give this on 10th September 2019.	PMU; 10 September 2019
4	ADB Safeguard Specialist wanted to know about the preparation status of Due Diligence Report (DDR) for Package 3.1 and tubewell installation. She suggested a short cut method for DDR preparation for quick submission, which is a requirement of tendering. She stated that sample survey could be done along the pipes to be laid subject to density of the population, such as 30% for high-density, 30% for medium-density and 30% low-density area. Project Director informed ADB that 100% survey has been completed by PMU in the area of package 3.2. Then ADB suggested for preparation of Resettlement Plan for this section.	PMU; October 2019
5	ADB Informed that Rupa Banarjee, ADB Safeguard Consultant will visit DESWSP from 31 August 2019. During her visit she will be responsible for finalization of Resettlement Plan for Section 3, DDR for Package 3.1, field visit and consultation for Package 3.2, DDR for Deep Tube well installation, payment monitoring in field level and livelihood training and implementation assessment. For field monitoring External monitoring Agency (EMA), DESWSP will be with her at least for 3 three days.	ADB+PMU+MDSC +EMA; September 2019
6	Ms. Rupa and Dr. Rafeza will visit field together for preparation of DDR and Resettlement Plan for package 3.1 and 3.2 respectively. Consultation will be held in each and every site. Rupa will report total situation with photographs (for each and every site) showing whether there is any impact. If pipeline laying area is not DWASA's own land, certificates regarding ownership and construction work endorsement will be collected from individuals or organizations and to be submitted with DDR and RP. DDR and Resettlement Plan will be submitted to ADB by the end of October 2019. DDR will be discussed during upcoming ADB mission. If these documents are not submitted before tendering, project might be categorized as red, which is for non-compliance. So, ADB emphasized for expediting preparation of these documents. During ADB mission non-compliance will be checked and performance of the project will be considered for new loan.	ADB+PMU+MDSC; September and October 2019
7	ADB wanted to know about the status of additional staff deployment in DORP for assisting Database Manager, which they have suggested during last Skype meeting that held on 7 August 2019. Project Director took responsibility to discuss DORP CEO to confirm.	PD+DORP; date not fixed

Item	Text	Action on
8	ADB Urban Development Specialist showed Project Director contractor's Monthly Progress Report which depicted on-going land filling activities in WIA and WTP. She told Project Director that all affected persons of WIA has not been paid fully. In this situation, without affected persons' consent, land filling is one kind of non-compliance, which project should not do. Project Director told her that he will take care of this in future.	PMU
9	Project Director stated that contractor is hiring land from the local people for using as stackyard or labour shed or for any other purposes. He wanted to know from ADB if he can play any role regarding land hiring agreement between contractors and local people adjacent to land in removing future conflict between them. He added that contractors are developing their land by sand filling and people are happy to get their upraised land after land rent agreement expires. ADB suggested Project Director to help both parties in keeping a clause that after expiry of contract duration, contractors will handover hired land to the landowners in a timely manner.	PMU+Contractors+ Landowners
10	At last, ADB emphasized Project Director to ensure project's compliance with regard to documentation as well as implementation.	PMU

1	At the inception, PD described current development of graveyard issue. He informed the participants that based on the demand of local community which has been raised in the meeting held on 15 June 2019, he developed a new graveyard at the South-East corner of the WTP area, DWASA's own land which is very near to existing graveyard. At this stage PD sought community's help in shifting all graves in the new graveyard.	-
2	Community declined to receive that newly developed land. They stated that though they wanted lands for new graveyard but they did not select this place. This is situated under Ward no. 2. The existing graveyard used by the inhabitants of Ward no. 1. They will not bury their kinspersons there. Graveyard committee provided a printed leaflet stating their demands, which is signed by hundreds of people of the local community. Copy of the leaflet is attached herewith. It has been written that they are willing to shift few graves from the northern part of the existing graveyard for the greater interest of GoB project (WTP). But they wanted their own 101.14 decimals [waqf 22.14 decimals and wasiat (will) 79 decimals] land from DWASA in exchange. PD informed them that DWASA checked their submitted papers and did not find any evidence against their claims.	-
3	Mr. Jasim, a local leader described that graveyard is an emotional issue and requested PD to consider their demand. They want PD to help in terms of giving at least 1 bigha land with very good fencing nearby raw water pipeline adjacent to old graveyard, northside of Gandharbpur High School.	-
4	Mr. Shahinul Kabir, President, Graveyard Committee stated that since they are not accepting graveyard land adjacent to canal, which has already been developed by the DWASA, he nominated Mr. Habib to give a decision regarding graveyard.	-
5	Mr. Habib supported existing developed land in the same place. He said that project cannot spare 25 meters, which might be needed in future.	-
6	PD said that new acquisition or new inclusion not possible at this moment. It's a long process. DWASA did their possible development as much as they could, out of already acquired 82 acres. But he will consider to keep 20m x 40m (22 decimal) graveyard without any future entrance of the local people due to security purpose. He might add few more lands in future.	-
7	Mr. Habib informed PD that people wants registered land for graveyard. PD said that the property owned by the government and he is not in a position to take decision to handover the registered land to the committee. He will discuss higher authority and will let the people know what DWASA can do for them.	-
8	Advocate Tareq, Secretary, Masjid Committee wants compensation for graveyard. They claimed that graveyard has 22 decimal registered land which is not acquired by DWASA but PD defended that all lands are under DWASA since 1983. Mr. Habib suggested both parties for submission of legal documents. PD said that it is already available in the locality, even in DORP Rupganj office. According to plot numbers DC handed over total lands to DWASA including this graveyard.	-

Item	Text	Action on
9	On behalf of DWASA, PD wanted graveyard shifting and which is possible within an amicable situation. He raised an example of SASEC project that they acquired and relocated five big graveyards with due shifting charge. PD informed that he only can keep 20m x 40m land as it is from old graveyard.	-
10	Everybody wants a good solution. Local peoples want new land under ward no. 1. Under this circumstances, Mr. Habib advised local leader to buy a new land for graveyard shifting. He will arrange money for the land. Mr. Nur Alam, Mr. Shahinul Kabir, Mr. Gulbox, Mr. Jasim will look for land immediately. 1 bigha land will be bought. PD stated that this will take a long time but he has a deadline for emptying the land. So, he needs immediate shifting of the graves.	-
11	Mr. Habib took all responsibilities of shifting graveyard on behalf of the community. Though some of the leaders were not happy with his decision.	By December 2019 land will be empty.
	Meeting has been concluded.	
12	After this meeting PD met the local Member of Parliament (MP) along with Mr. Habib, DWASA and MDSC representatives. He described the situation before honourable MP. He stated that local community are not convinced but the DWASA needs to clear the land since contractor has been mobilized to start construction of clear water reservoir. Honourable MP told that he also tried to convince them but they did not heed to. He instructed PD to deploy law enforcement authority in shifting graveyard. Afterwards everybody left since Jumma prayer time was up.	DWASA
13	On the way back to office, National Resettlement Expert, MDSC, DESWSP informed PD that DWASA could buy a new land for graveyard shifting which is entitled in the Resettlement Plan.	-

Meeting Opening Speech:

Mr. Mahmudul Islam, Superintending Engineer and Project Director, DESWSP, Dhaka WASA presided over the meeting. He expressed thanks to all participants attended in the meeting and started the meeting proceedings.

The PD expressed in the meeting that the problem of shifting the graveyard from water treatment plant yet not solved, and it's creating and will create a big obstruction in the project construction work. He briefed the objective of calling the meeting in the meeting. He also emphasized on finding out the course of actions to be taken for amicable mitigation of the graveyard issue. The participants expressed their opinion and views on the discussions actively. From the participants side suggestions came that the amicable solution can be achieved through convincing the graveyard committee members and engaging them in shifting of the graveyard by themselves. It was also precaution by the participants not to do anything without involving the graveyard community members which may bring unfavorable or awkward position for DWASA. As an output of the meeting the above mentioned three activities came as major concern to intervene immediately. The detail of discussions and decisions on the three major agenda are given below.

Agenda discussed and decision taken:-

Agenda	Discussions and decisions	Responsible person/organization
Fencing around the Graveyard and to construct a gate at WTP Area.	It was discussed in the meeting that the project area will be well fenced keeping the graveyard inside the fencing enclosure. It was also decided that there will be constructed an entrance gate (measuring 6 feet by 8 feet) at the south face of the WTP section.	DWASA

1	MD welcomed the participants and started the meeting.	-
2	PD stated current development of graveyard issue through a PowerPoint presentation. MDSC helped him in depicting a vivid description. It has been described to MD that the graveyard exists in the Gandharbpur mouza since 1979, which area is 22 decimals. DWASA has acquired this land in 1982. Despite, since then community were using that for the same purpose. Though DWASA is going to construct water treatment plant (WTP) but it has been decided to keep the graveyard as it remains. Resettlement Plan has been updated accordingly in 2018. He added, since 2016, in	-

	the course of time local community (namely Aatani Somaj) expanded graveyard illegally from the existing 22 decimals (which they claimed as their own). However, after contractor mobilization, it has been come out that according to construction layout, this graveyard area is needed for construction of clear water reservoir. Afterwards, on 15 June 2019, in presence with the MDSC and contractors, PMU headed by the PD held a community consultation meeting with Gandharbpur Madhyapara Atani society's graveyard committee and other local community people in Water Treatment Plant area at DORP office. PD held that meeting with a view to come to an amicable settlement in shifting of the graveyards from the project area to somewhere else. Because the graveyard land belongs to DWASA since 1982. The Chairman of Eidgah Committee and the Councillor of Ward # 01 opined that they are agreed upon with the project authority to make the project success but they have no any other suitable place or option to replace the graveyard to another place. So, they requested to the project authority as well as to the government to give land and arrange graveyard shifting related all activities near to Eidgah or Mosque. Considering above, to select new land for graveyard had several meetings with local community including graveyard committee in presence of Member of the Parliament (MP), Mayor of Tarabo Pourashava. Leaders' selected a place and PD has developed a new land to shift existing graveyard. But afterwards, in last meeting held on 15 November 2019 in Rupganj, graveyard committee refuse to receive the new land as it is not under their jurisdiction. It is situated in Ward no.2 but Atani Somaj live in Ward no.1. In addition, they told that DWASA needs to give their newly developed land after the name of the community which will be under legal registration. But PD tried to make them understand that he cannot give them ownership of the government land, he is not the authority, he is only an employee of the government. He assured the community that he would discuss this issue with his authority. At this stage, community wanted DWASA to buy a new land (33 decimals near to Gandharbpur High School) for the community. PD again assured that he would discuss with higher authority. Local community was not agreeing without new land. A local leader named Mr. Habib to make community convinced took the responsibility to buy a new land for graveyard to shift. At the same day, PD met the MP along with Mr. Habib, DWASA and MDSC representatives, informed him local people did not want to shift unless new land is purchased. Though land purchasing is allowable in resettlement plan but finding suitable land and purchasing will be time consuming. DWASA needs free land faster since contractor has been mobilized for clear water reservoir construction. If they cannot work, they will claim compensation money for each of delay after 30 November 2019. Approximate compensation money for each day will be not less than 100,000 USD per day. Government will be bound to pay this, as per contract. Under this circumstance, the honourable MP said that he had also discuss the community but they are not convinced. They are beyond control. He instructed PD to seek help from the local government. PMU had a meeting in the DORP and MDSC on 18 November 2019, where few information has been disseminated such as DWASA needed to put fencing around the graveyard, to construct a gate, to issue notice to the concern authority to seek assistances and to arrange a meeting with the police and upazila administration. DWASA needed local government's cooperation to make the land encumbrance free by 30 November 2019. DWASA wanted to save the government from paying huge amount of compensation money to the contractor, which will be claimed for delayed land handover.	

Item	Text	Action on
	On 26 November 2019 DWASA went there along with DORP and MDSC representatives with a view of shifting 3 to 4 graves from the newly encroached area to the said existing area. DWASA hired grave digger labourers and Mufti for shifting the graves religiously. Local administration was also present there. When DWASA started digging, 2/3 local people came and asked to stop the earthwork. But they left immediately with the interruption of police. Afterwards, those locals went to their locality and gathered people by calling others to join through the microphones of the mosques. All on a sudden, more than hundreds of locals came to stop shifting unless their demand has been addressed. In the suddenness of the events, all of the DESWSP personnel stop shifting and left the place. At this stage, PD wanted MD's intervention to control the situation and to ensure a congenial working condition.	
3	MD listened to with a very good patience. He said that he has already discussed with local MP, who is a minister. He and will be discussing further with MP, home minister, District Commissioner and all other concerned to follow up the issue further. He decided that the graveyard will be relocated eventually. However, local people may use the graveyard under specific terms and condition until DWASA purchases new land for its shifting.	DWASA
4	In response to the Mr. Mesbah's query, MD stated that contractor may restart works within following 7 days. Minister assured that local people will cooperate. But Mr. Mesbah declined that he would not do that unless DWASA ensures 24-hours security around the treatment plant. At this stage he wanted Mesbah to submit proposal for increasing more patrol.	
5	MD summarized the meeting as follows: a. At this moment GWT will resume work without touching graveyard. He agreed to buy new land for graveyard relocation. b. Fencing will be put for whole property. c. PD has been instructed to issue the notice by the very day to the City Group to leave DWASA's land, which they have already occupied. City Group have to leave the land within following 15 days. d. MD will discuss Upazila Nirbahi Officer regarding negotiation meeting going to be held in the very day. e. He will discuss local people to let the people coming up with new options for graveyard shifting. DWASA will consider. f. No extra security will be given to the contractor because they have now no issue of graveyard. But he might consider the issue after getting GWT's proposal. He suggested GWT to deploy more security such as G4S and Ansar along with armed guard.	DWASA and GWT
6.	MD concluded the meeting by thanks giving.	-

L.7 2019.12.05_Relocation Time Extension by APs in Section 2

Item	Text	Action on
1	Project Director welcomed the participants. He informed all that an application has been sent by the few of the landowners of Bijoynagar (plot nos. 02, 03, 55, 59, 60 and	-

Item	Text	Action on
	62) and Aguandi (plot nos. 354, 355, 356 359, 360 and 361). They wanted one-year time extension for relocation of structures. Projector Director sought suggestion from all participants to make good reply to the applicant affected persons.	
2	It has been decided by the all participants that a letter will be given to the affected persons. Copy will be given to the Chairman, who recommended the application. It will be written that applicant APs have already been paid CCL in December 2017 and January 2018 and other resettlement benefits in June and July 2019. At that time one-month prior notice had been given for relocation as per terms and condition of the resettlement plan. Contractor has already been mobilized and waiting for construction start. If they cannot start work government has to pay them compensation money which is a huge amount. So, government cannot disrupt construction and want their cooperation in the form of leaving land. In case of non-cooperation, government will follow its administrative rules.	DWASA
3	One of the EE suggested to inform this issue to the local government administration so that no more incident like WTP might arise. Participants including Project Director agreed with his suggestion.	DWASA
4	Few other relevant issues have also been discussed in this meeting as follows.	
4.1	**Graveyard Shifting in Baliapara**	
	Area Manager, Araihazar informed Project Director that in Balipara one single grave and part of one graveyard are situated in the right of way of raw water pipeline. Local people are willing to shift those. However, they want some shifting allowance from the DWASA. As per resettlement plan, with the consent of all participants Project Director agreed to pay entitled compensation for shifting.	DWASA
4.2	**Temple Relocation in Chaitankanda**	
	It is known by all participants that one temple should be relocated in Chaitankanda under raw water pipeline, which has been established after cut-off-date of land acquisition notice. Claimant affected persons wants some compensation money for temple relocation. However, MDSC strongly suggested PMU not to give him any extra money because he has constructed this temple with an ill motive, intentionally to get compensation. If he is paid, there is a possibility of getting so many claims in the same nature in other sections as well. So, illegal claiming might go out of DWASA's control. This temple should be shifted amicably. He should be convinced by the project authority with the help of local and Hindu religious leaders to replace the temple.	DWASA
5	With everybody's consent Project Director has concluded meeting.
